INDOOR TEAM BUILDING

At certain times of the year or when your itinerary demands it you may need to hold your event indoors. I have a wide range of activities which give all of the fun and benefits of team building indoors whether during a conference or as a dedicated activity day.

Popular choices include making teams, Build the tower, film making, and Balloniture which offers a range of team tasks that will engage teams and bring them together in search of the solution.

FACILITATION

When the objective is more than fun I give feedback and debrief to ensure that teams benefit fully from their team building experience. Themes can be linked to current business objectives and issues.

Indoor Team Building **MAKE THE TEAMS**

I see to it that the spirit of team comes alive from the start of the activity day. After dividing the teams I give each team some material to make their own flag and team name, Teams carry this flag to their cubicles to remember the good times they had, The Creativity and energy of your team is seen in these kind of activities.

Indoor Team Building

BUILD THE TOWER

An activity where in your employees come together, work as a team and try creating a tower out of spaghetti and flour, The activity improves team work and teams do optimum usage of resources to go ahead in this activity. Its all about Fun and Team Spirit.

MOVIE MAKING

My Activities are designed in such a way that your team doesn't feel it as routine Team Building activities.

In Movie Making different auditions are held for different teams where in their real talent comes out, Time management skills, creativity and out of the box thinking is enhanced in this activity.

And specially designed props make it more fun.

BALLOONITURE

In This Activity teams are given packets of Balloons to make a furniture out of it. And later one of the team member is asked to sit on it. The Strongest furniture wins. You will be amazed by the Ideas your team members will come out with.

MUMMIFY

Every team has a black sheep, but my activities ensure full 100% participation, In this activity team chooses a member who is less participating and Mummifies him/her. Even the Odd ones tend to participate in my fun Team Building Activities.
